"Thirty diverse and award-winning authors and illustrators capture frank discussions about racism, identity, and self-esteem"--

As seen on PBS's American Spring LIVE, the award-winning author of *The Triumph of Seeds and Feathers* presents a natural and cultural history of bees: the buzzing wee beasties that make the world go round. Bees are like oxygen: ubiquitous, essential, and, for the most part, unseen. While we might overlook them, they lie at the heart of relationships that bind the human and natural worlds. In *Buzz*, the beloved Thor Hanson takes us on a journey that begins 125 million years ago, when a wasp first dared to feed pollen to its young. From honeybees and bumbles to lesser-known diggers, miners, leafcutters, and masons, bees have long been central to our harvests, our mythologies, and our very existence. They've given us sweetness and light, the beauty of flowers, and as much as a third of the foodstuffs we eat. And, alarmingly, they are at risk of disappearing. As informative and enchanting as the waggle dance of a honeybee, *Buzz* shows us why all bees are wonders to celebrate and protect. Read this book and you'll never overlook them again.

Discusses both the scientific and cultural impact of alcohol and caffeine, the world's most widely-consumed mind-altering substances

How to master the power of buzz Trendspotters and bestselling authors Marian Salzman and Ira Matathia demystify buzz and show how marketers can create and leverage it for the success of their products and services. The world we inhabit is in constant flux, and the captive audience on which advertisers relied for years no longer exists. Branding today requires a flexibility and creativity that have thus far eluded many traditional practitioners. When there is no clear forum for communicating your brand message to the audience, you must have your audience do it for you. The authors show how and why buzz works, examining case studies like Kate Spade, Madonna, Bulgari, Ford, Nokia, and French Connection. They explore the role specific consumer groups play in setting trends, show how influence works, reveal the efficacy of shock ads, and explain how to manage brand momentum. This book is a dynamic guide that sheds new light on the topic of buzz using real-world examples and case studies that show how marketers can manufacture the seemingly authentic word-of-mouth to which today's cynical consumer responds.

After learning that a bee's body is too chunky for flight, *Buzz* the bumblebee defies the laws of aerodynamics to save a friend in need.

Profiles the astronaut who served as the lunar module pilot for the Apollo 11 mission and became the second man to set foot on the moon.

In this updated guide, Vault publishes the entire surveys of current students and alumni at more than

100 top business schools. Each 4- to 5-page entry is composed almost entirely of insider comments from students and alumni. Each school profile features surveys of about 10 students or alumni. These narratives provide applicants with detailed and balanced perspectives and insider information on admissions and employment prospects, which is lacking in other business school guides.

Why are word-of-mouth campaigns effective for some products, while failing for others? Which group of consumers should be the target of viral marketing efforts, and how can you turn word of mouth into buzz? Panos Mourdoukoutas and George J Siomkos provide the answers! The transformation of a desire for a product into an "epidemic" was, is and will always be the dream of each and every marketer. For some marketers this dream becomes reality. For others it remains simply a fantasy. "The Seven Principles of WOM and Buzz Marketing" offers the essential tools – seven simple steps – to launch an effective WOM and buzz campaign that helps products to cross the tipping point and to reach the mass market: Begin with the consumers Be innovative Target the right group Create the right message Find the right environment

Two creative marketers, Peggy Barber and Linda Wallace, bring you sound marketing principles to spread the word about your library within the community.

"Excellent reading for those who are interested in publicizing a cause, a book, a blog, or just about anything. " Bookfoolery and Babble "Seaman gave The Buzz some tips on how we could become internationally famous. If it doesn't work, we're going to hold a Paris Hilton rally." The Arizona Republic "Seaman's advice to politicians: "If you're not cool, don't try to be cool. Most people in their 20s and 30s don't need [you] to make us laugh. We already have comedians who do it." TheHill.com Practice the Black Art of BUZZ Would you like to spark a media frenzy ... for free?
