"And right next to him there's a girl marching along with her Starbucks, and then, on the other side, a guy doing his jogging, and some other dudes washing ... Arsène Lupin buff, a reader ...

You know how, since the dawn of humanity, great philosophers and poets have dedicated their entire lives to exploring concepts like love, life itself, logic, and sorrow? Well, those great philosophers and poets are dead now, so I win. -- Shen "You know how, since the dawn of humanity, great philosophers and poets have dedicated their entire lives to exploring concepts like love, life itself, logic, and sorrow? Well, those great philosophers and poets are dead now, so I win." -- Shen Emotions Explained With Buff Dudes is your fully illustrated guide to the hyper-conflicted, tragicomic feelings of our age. Featuring the resilient, shaggy-haired Shen, this debut collection of Owlurd Comix is a tale of triumph and survival -- of getting your ass kicked by sleep deprivation and student loans, but never losing hope. Most of all, it's an amusing, instructive journey through a vast array of emotions, including those best explained with dudes who are buff.

Most of all, it's an amusing, instructive journey through a vast array of emotions, including those best explained with dudes who are buff.

Adam's comics deal with weightier topics like seasonal affective disorder and struggles with self-esteem, while also touching on the silly and absurd--like his brief, but intense obsession with crystals. With a bright, positive outlook and a sense of humor, Super Chill tells a story that is both highly relatable and intensely personal.

". . . author Sarah Andersen uses hilarious (and adorable) comics to illustrate the very specific growing pains that occur on your way to becoming a mature, put-together grownup. Andersen's spot-on illustrations also show how to navigate this newfound adulthood once you arrive, since maturity is equally as hard to maintain as it is to find ... " --The Huffington Post Sarah valiantly struggles with waking up in the morning, being productive, and dealing with social situations. Sarah's Scribbles is the comic strip that follows her life, finding humor in living as an adulting introvert that is at times weird, awkward, and embarrassing. The third collection of Sarah's Scribbles comics includes never-before-published comics and an illustrated essay about struggles with sexism, personal growth, and the rewards and challenges of sharing your creative work with millions of readers online.

Why do things in moderation when you can just do everything? Cartoonist Dami Lee's hilarious four-panel comic collection illustrates her experience navigating identity, relationships, pop culture, and misunderstandings about basic human interactions, from growing up as a South Korean immigrant kid in the

Read Free Emotions Explained With Buff Dudes Owlurd Comix

foreign land of Texas to finding her home as a professional cartoonist in cyberspace. With favorite selections from Dami's massively popular webcomic *As Per Usual*, as well as many never-before-seen comics, *Be Everything at Once* is earnestly relatable and endlessly funny, full of (mostly) true stories for anyone who obsesses over their favorite snacks, struggles to take the best selfie, tears up at the sight of a perfect dog, or is maybe just trying to find their place.

Always positive, Buni doesn't understand that the cute world he lives in is usually out to get him. The girl he loves loves someone else. And his best intentions never seem to work. Yet he wakes up each day hopeful. Together with his cynical dad and determined dog, he inhabits a surreal world populated by teddy bears, cupcakes, unicorns, and zombies. With few words, these comics rely on images to tell the story, which is often twisted, sad and funny all at the same time. But more than anything, they show that nothing will keep Buni down. Because true happiness is a state of mind.

A subversive, hilarious, dark-but-uplifting collection of comics skewering the commercial figures, Disney stories, and pop cultural touchstones that Millennials and Gen X-ers grew up with in the '80s and '90s. Ben Zaehringer's versatile art styles and wicked curveballs are sharp, clever and accessible, prompting many readers to comment that the author is "ruining their childhood" in the most delightful way possible.

The only big-business tycoon boasting his own private executive litter box and luxury mega cat condo, the dashing Business Cat misses meetings because he's stuck in trees, sends emails while napping on keyboards, and demands to be let out, then in, then out again. This debut volume of the popular online comic *The Adventures of Business Cat* collects all the fan favorites plus a generous bonus of all-new material, for value-added experience and high employee satisfaction. Cat lovers and office workers of the world: meet in the break room and unite!

Ranging from the relatable to the utterly nonsensical and bizarre, *The Book of Onions* focuses on themes of loneliness, desperation, and failure. And misplaced optimism. And perverted talking fruit. Sort of like Gary Larson's "*The Far Side*," if Gary were way less accomplished and suffered from depression.

Emmet Truxes's cartoons brilliantly poke fun at our modern preoccupations and misfortunes—like New Yorker cartoons for the next generation. Featuring all-too-relatable depictions of millennial milestones and struggles (squeezing into cramped apartments, finding true love on dating apps, nailing the perfect selfie), *You Look Better Online* is for anyone who's ever narrowly avoided walking into traffic because they were looking at their smartphone. This book takes a humorous look at how becoming an adult intersects with the entrenchment of technology in our everyday lives; it cleverly and keenly observes and captures a moment in time.
