English Grammar for Today seeks to promote the study of grammar in the English curriculum. It takes a new approach which gives weight not only to analytical skills but also to the integration of English grammar with other linguistic skills such as composition and comprehension.

A Communicative Grammar of English has long been established as a grammar innovative in approach, reliable in coverage, and clear in its explanations. This fully revised and redesigned third edition provides up-to-date and accessible help to teachers, advanced learners and undergraduate students of English. Part One looks at the way English grammar varies in different types of English, such as 'formal' and 'informal', 'spoken' and 'written'; Part Two focuses on the uses of grammar rather than on grammatical structure and Part Three provides a handy alphabetically arranged guide to English grammar. A new workbook, The Communicative Grammar of English Workbook also accompanies this edition.

A Glossary of English Grammar presents a wide range of terms used to describe the way the English language is structured. Grammatical terms can be a problem for students, especially when there are alternative names for the same thing (for example, 'past tense' and 'preterite'). This book therefore provides a basic and accessible guide, focusing on the English language. Definitions of grammatical terms are given in simple language, with clear examples, many from authentic texts and spoken sources, showing how they are used. The terms used in the Comprehensive Grammar of the English Language are widely seen as standard, and form the basis of grammatical terminology in this book. At the same time, this glossary does not neglect other variants of English grammar, such as that of Huddleston and Pullum's influential Cambridge Grammar of the English Language, whose most important terms are also covered here. This book is indispensable for anyone wishing to understand present-day terminology of English grammar more fully.

This accessible introduction to grammar includes points presented in an alphabetical format.

A Communicative Grammar of English employs a communicative rather than structural approach to the learning of English grammar. The new edition has been updated to include more examples.

This is a reference grammar for teachers and learners of English. The material in the book is presented alphabetically in a dictionary-like format. It contains over 600 entries, which are of three kinds: common words which have a grammatical function, such as more, the, what, do, by, can; terms used in talking about grammar, such as indirect object, pronoun, tag question; and language areas not normally included in a grammar, for example, greetings, introductions, punctuations, letter writing.

In a completely thoroughly edition of 'An A-Z of English Grammar and Usage' - an established favourite among teachers - Geoffrey leech and his colleagues provide teachers and learners of English with a unique reference grammar. Accessible, easy-to-use, dictionary-like format. Comprehensive coverage of English grammar in over 600 fully cross-referenced entries. - common grammatical key words, such as 'more', 'what', 'unless' 'can'. - Main terms for talking about grammar, meaning and usage, such as 'indirect object', 'pronoun', 'tag question'. - Extra language and communicative ehelp, such as 'greetings', 'introductions', 'punctuation', 'letter writing', e-mails'. Simple and clear explanations, supported by real-life examples, diagrams, and entertaining new illustrations Helpful notes on style, intonation, and British and American usage.

Written by a team led by a world authority in English grammar, English Grammar for Today has established

Download Ebook Geoffrey Leech English Grammar For Today

itself as a rich educational experience for both native- and non-native-speaking students. This engaging and stimulating coursebook enables students to learn grammar not just for its own sake, but also for the pleasure of exploring, appreciating and understanding the way language communicates in written text and spoken discourse. Throughout, the emphasis is on using grammar in present-day English. After an introduction placing grammar in its educational and cultural context, the authors present a 'toolkit' for analysing sentences. The second part of the book demonstrates how to apply this toolkit to spoken and written language, using a wide range of real textual materials. Each chapter ends with a set of carefully-designed exercises and tasks to aid understanding, with answers provided at the end of the volume. Now thoroughly revised and updated to meet the needs of today's students, this new edition features: - a new Foreword by the English Association - an additional introductory chapter, 'Getting Started with Grammar', which introduces the subject for those with no prior knowledge - improved and extended diagrams, exercises and answers - up-to-date textual passages and examples Lively and approachable, this indispensable guide is ideal for both students and teachers who are looking for their first serious engagement with - or wishing to rediscover- English grammar.

Every language has its peculiar problems of meaning for the foreign learner. In the English language, some of the biggest yet most fascinating problems are concentrated in the area of the finite verb phrase: in particular, tense, aspect, mood and modality. Meaning and the English Verb describes these fields in detail for teachers and advanced students of English as a foreign or second language. This new third edition uses up-to-date examples to show differences and similarities between American and British english, reflecting a great deal of recent research in this area. It also takes account of the subtle changes which are taking place in the language today. In print for over 30 years, Meaning and the English Verb has established itself as a recognised authority on the meaning and use of verb constructions in English. This updated third edition will ensure that it remains an invaluable text for teachers and students of English worldwide.

Based on the systematic analysis of large amounts of computer-readable text, this book shows how the English language has been changing in the recent past, and discusses the linguistic and social factors that are contributing to this process.
