Market Outlook C*

Published July 2020.

The repercussions of the coronavirus pandemic continue to be felt across the petrochemicals industry, with the global economy facing greater uncertainty than at any time in living memory. As the

Download File

PDF Global

industry moves into H2 2020, renewed lockdowns, prolonged recessions and the ongoing pandemic present a bleak general outlook. However, the detailed picture is far from clear-cut across the various different petrochemical markets.
