software, Wire Wizard®.

The software has three main graphical components designed for maximum throughput — programming, set-up and run — which provide the basic needs for any application. It uses this logical approach by actually prompting the operator through the process.

Cutting Tool ...~~

According to Makino,
Page 24/31

Download Free Makino Sp43

the DUO series wire EDMs use technology that reduces wire unspooling rates. Cutting speeds, accuracy and finish are not affected by the lower rate of wire consumption. The "cutting tool" in wire EDM is an energized wire that travels from reel to reel as it follows a path that "slices"
