Configurator and set distinct IP addresses for them on the correct IP network. Give the main unit the name MainCore (Figure 3).

Application Guide - QSC

The Q-SYS CORE lineup are some of the best audio DSP's on the market. The 110f sits in-between the 250i and 500i in terms of processing power however because it also has built in I/O it does have a few advantages over those units.
