Oona Hegarty, a poor woman, has always longed for her own cabin, and on Christmas Eve, after being trapped in the snow with no shelter, she finds a group of wee people who work to grant her wish.

After losing his job and the respect of his family, Russian avant-garde artist Anatoly Sukhanov confronts his past in a series of dreams that reveals the sacrifices he has made to gain material wealth in twentieth-century Moscow. A first novel. Reprint. 40,000 first printing.

Four enthralling tales about chance, by the author of Psalm at Journey's End Tales of Protection is a novel about people in different places in different epochs -- contemporary Norway, nineteenth-century Sweden, and Renaissance Italy -- whose stories are bound together by the author's original and searching inquiry into why things happen the way they do. As the book opens, a dead man lies in his coffin reflecting on the past. Bolt was an eccentric scientist who devoted his old age to a vast research undertaking -- collecting random incidents from the history of the species and finding the underlying pattern that connects them. This kind of hindsight, after all, must be a kind of heaven -- or a kind of hell. His reveries lead him to tell two other tales -- the tale of a doomed lighthouse keeper on a Swedish island and the tale of rivalry among Renaissance artists -- and finally to tell a startling tale from his own early manhood. All of the tales, in his exquisitely suspenseful narration, demonstrate his theory of "seriality," which is the opposite of causality. Erik Fosnes Hansen's Psalm at Journey's End was acclaimed as one of the most original works yet about the sinking of the Titanic. In Norway, Tales of Protection has been called a "Blixenesque" masterpiece; it is a major new work of world literature, and a great leap forward for this gifted young writer.

With People of the Mist, bestselling authors W. Michael Gear and Kathleen O'Neal Gear take us to the Chesapeake Bay of six hundred years ago, when the unprovoked and brutal murder of a young woman on the eve of her wedding threatens to turn the entire Algonquin Nation against itself in a brutal war that could destroy them as a people. No ordinary woman, Red Knot was the heir to the Greenstone Clan and the future leader of the independent villages. Her death has shattered all alliances and left a power void that several ambitious clan chiefs see as their destiny to fill. The very air vibrates with the drums and war cries of the rallying warriors. Into the eye of this brewing storm steps the bitter old man they call The Panther. Feared as a sorcerer, The Panther is the only one with the power to demand to be heard by all. But as he digs deeper into the ever-thickening web of lies surrounding the murder, and uncovers darker, more deeply rooted secrets, he fears there may be no words to stop the impending bloodshed. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

It's sad enough that most of today's moms have spent their adult lives dieting and disliking their bodies, but our young daughters are watching and eagerly following in our weight-occupied footsteps. By age ten, 80% are restricting their eating, and by the time they reach adolescence, the majority have already entered the dangerous world of chronic dieting and body dissatisfaction. In Outsmarting the Mother-Daughter Food Trap, bestselling author and nutritionist Debra Waterhouse show us how to rise above society's pressure for thinness and serve as healthier role models for our daughters, thus passing on a new legacy of healthier food and body relationships.
